<p><b>Termination fee does not take into account any construction charges for Services added that District may be responsible for.</b></p>		

USAC's Program Integrity Assurance (PIA) team is currently reviewing your FCC Form 471 application, and we have identified an issue that we need you to help us resolve. What is the issue? Additional documentation is required related to your competitive bidding and vendor selection processes. For additional information, see <http://www.usac.org/sl/applicants/step04/selective-review.aspx>. Please read all of the questions, descriptions, and requests below. Provide responses that most accurately reflect the status of the entities listed above. Please give enough detail, insight, and clarity to help the reviewers fully understand your specific situation. Also, if your answer pertains to a specific entity, be sure to include the relevant entity name with that answer. Check the boxes for statements that apply, and where applicable, type the information requested into the text boxes. If your information is too detailed for the text box, or if you need to provide additional documentation, click "Browse" to upload relevant files or documentation.

*Question(s)*

Your response to PIA's questions:

#	Question	Response
1	Listed on the Information Needed tab in the attached spreadsheet are the applicable FCC Form 471 Number(s), Funding Request Number(s) (FRNs) and FCC Form 470 Number(s). Please complete the Information Needed tab in the attached spreadsheet. For an example, please see the Sample tab: Sample Document: <a href="#">145710 Jefferson County School District R-1 FY2017 Selective Competitive Bidding Request Spreadsheet.xlsx</a>	
Note	On the first page of each document you provide, please write the corresponding FRN(s) the document pertains to. In the event that a document (e.g. contract, RFP, bid response, etc.) applies to multiple FRNs, simply indicate on the first page of the document which FRN(s) is supported by the document. Please also label each document and include FRN(s)/name that identifies the information contained within. If your documentation was already uploaded into EPC, you don't need to submit the same documentation again.	---
2	Do you have signed & dated contracts and/or other agreements with service providers related to any of the FRNs?	
a	If Yes please provide signed and dated copies of any and all agreements related to each of the FCC Form 471 funding request(s), including any and all contracts, legally binding agreements, Statements of Work, etc. If using a State Master Contract (SMC) for any of the FRN(s), please provide the contract number(s) so that we can verify the contract award dates and expiration dates. If you have a web link or supporting documentation to the SMC, please include that in your response.	
Note	Please provide the competitive bidding and vendor selection documentation requested below (Items #3-8) for the year that established bidding for all FRNs.	---
3	Do you have any requests for proposals (RFPs), invitations to bid, requests for bids, or other	

documentation of bid requests for services and/or products requested, or other solicitations in any way associated with the applicant's funding request(s) and/or the selection of the service provider(s) that appear(s) on the applicant's funding request(s)?

a If Yes , please provide the following for each FRN: ---

I Please provide copies of the RFPs, invitations to bid, requests for bids, or other documentation of bid requests for services and/or products requested, or other solicitations.

II All RFPs should indicate when they were first made available to service providers, i.e. release and posting date as well as the due date for which bids must be submitted. Please specify in the attached spreadsheet: Release date: month\_\_\_\_/day\_\_\_\_/year\_\_\_\_ Bid due date: month\_\_\_\_/day\_\_\_\_/year\_\_\_\_

III Were any amendments made to any original RFP?

i If Yes, please provide any and all amendments made to the original RFP and include the date(s) issued.

b Is your entity in compliance with your state and local procurement regulations regarding issuance of RFPs?

Note For the below question and sub-questions, if the services are being received from the current service provider, the current service provider should be considered to be one bid response. ---

4 Were bid responses received for any of the attached funding requests?

a If Yes, please provide the following for all of the attached funding requests including tariff, month-to-month and contracted services: ---

I Please indicate the number of bids/proposals received in the attached spreadsheet.

II Please provide complete copies of any and all proposals, bid responses, etc., received in response to the FCC Form 470, and/or any RFP, or other solicitation in any way associated with the applicant's funding request and/or with the selection of the service provider that appears on the applicant's funding requests. Please indicate the FRN to which each of the bids you provide applies and the date of each bid you received.

5 Do you have any information documenting the vendor selection process (created during the bidding process) for any of the attached funding requests?

a If Yes, please provide the following for all of the attached funding requests including tariff, month-to-month and contracted services: ---

- I Please provide your bid evaluation matrix which was created during the bid evaluation period that provides evidence of how the selected vendor was chosen. The weighting of each bid evaluation factor should also be included.
- II Do you have any other bid documentation such as attendance sheets, correspondences to and from the bidding vendor(s) and a description of your bid evaluation process?
- i If Yes, please provide the other bid documentation.
- III Were any of the bids you received considered non-responsive/disqualified?
- i If Yes, please identify the reason for disqualification and include the documentation that made the bidder aware of the cause of the disqualification in an FCC Form 470 and/or RFP or other solicitation of bid requests.
- 6 Was a consultant used relating to the planning, implementation and support of your E-rate funding requests?
- a If Yes, do you have a signed and dated copy of any consulting agreement(s) or Letters of Agency that covers the current funding year?
- I If Yes (Item 6a), please provide a signed and dated copy of the consulting agreement(s) or Letters of Agency.
- II If No (Item 6a), please explain why.
- 7 Do you have any correspondence between your entity and any service providers and/or consultants regarding the competitive bidding process and the application process?
- a If Yes, please provide a copy of all correspondence between your entity and any service providers and/or consultants regarding the competitive bidding process and the application process.
- 8 Is there any of the documentation requested above that you are not able to provide for any reason?
- a If Yes, you MUST provide a complete explanation for why it is missing.
- 9 If you would like to provide any additional information about these issues that have not been addressed above: Use the text box to type information, or upload additional documentation using the "Browse" button.

**FY2017 Selective Review Information Request (SRIR)**

07/11/2017

BEN# 143710

Contact Name: Dennis Wager  
Applicant Name: Jefferson County School District R-1  
FCC Form 471 Application Number(s): 171041291  
**Response Due Date: 07/18/2017**

Subject: Funding Year 2017 E-Rate Selective Review

Dear Applicant:

This letter is a follow up to the information you provided in reference to the E-Rate Selective Review Information Request Funding Year 2017.

Based on the documentation you provided during the Selective Review, Application 171041291, FRN 1799102606 will be denied because price was not your primary factor in your vendor selection.

Specifically, the first round of your vendor selection process is not considered to be a disqualification round because the criteria used in that round were subjective and were scored, rather than being binary criteria. As a result, the first round of your vendor selection process is considered to be the first tier of a two tier vendor selection process. Price of the eligible goods and services was not a factor in your first tier. Consistent with FCC rules that govern the E-rate Program, price of the eligible goods and services must be the primary factor in each tier of a multi-tier vendor selection process. Therefore, the FRN is denied.

For additional guidance on vendor selection, please refer to the USAC website at <http://www.usac.org/sl/applicants/step02/default.aspx>.

If you disagree with our determination and you have alternative information, please provide the supporting documentation.

If you fail to respond to this email within 7 days, we will perform the action(s) listed above.

Thank you for your cooperation and continued support of the Universal Service Program.

Sincerely,

**Kenneth A. Solomon**

FCC Form 471 Application Number(s): 171041291

**Response Due Date: 07/18/2017**

Subject: Funding Year 2017 E-Rate Selective Review

Dear Mr. Solomon,

As part of the 1st stage evaluation the District used both the "Stage One Evaluation Form" and an "Evaluator Comments" form to capture pricing information as the primary decision criteria at all stages of the evaluation process. All evaluators considered pricing as a primary consideration when evaluating the various responses (reference "Proposal Strength and weaknesses") previously provided to USAC.

Sincerely,

Dennis Wager

Jefferson County School District R-1

Subject: Funding Year 2017 E-Rate Selective Review

Dear Applicant:

This letter is a follow up to the information you provided in reference to the E-Rate Selective Review Information Request Funding Year 2017. Please provide the information requested by the close of business **08/01/2017**. If we do not receive the information by that date, your application will be reviewed based on the information we currently have, which may impact the approval of your application.

**You provided a summary "RFP 23612 ate WAN Bandwidth for 154 District Sites" for the stage two evaluation of Century Link and ENA. This summary doesn't show evaluation factors (or the matrix) that each member used to assess the vendors in stage two. Please provide a copy of each team member evaluation form.**

Please upload your response to EPC or email or fax the requested information to my attention. If you have any questions or you do not understand what we are requesting, please feel free to contact me.

It is important that we receive all of the information requested **within 7 calendar days** so we can complete our review of your application(s). **Failure to send all of the information requested may result in a reduction or denial of funding. If you need additional time to prepare your response, please let me know as soon as possible. If you are unable to provide the requested information because your school or library has closed for summer break, please indicate in writing the timeframe that you will be unavailable to respond.**

Additionally, please note that you are required to retain all documents related to the application for, receipt and delivery of supported services as well as any other documents that demonstrate compliance with the requirements of the program for at least 10 years after the latter of the last day of the applicable funding year or the service delivery deadline for the funding request.

Thank you for your cooperation and continued support of the Universal Service Program.

Sincerely,

**Kenneth A. Solomon**

[Kenneth.Solomon@sl.universalservice.org](mailto:Kenneth.Solomon@sl.universalservice.org)

Date: July 30, 2017

To: Kenneth Solomon

From: Dennis Wager

Jefferson County School District R-1

BEN 145710

Subject: RFP 23612 E-rate WAN Bandwidth for 154 District Sites

Please find attached a copy of each team member's stage two evaluation form for Century Link and ENA as well as a copy of the 14 questions that correspond to the evaluation form.

Stage two evaluation consisted of receiving written responses from Century Link and ENA for the 14 questions as well as an interview/presentation from each of the vendors. The evaluators independently rated each vendor's response. A pricing analysis was also completed and that score (worth 40 points) as well as the evaluators' average score comprised the final score that each vendor received for stage two.

In reviewing the evaluation forms a clerical error was discovered in the formula used to tally the total score. Question 14 was inadvertently left out of the total score for both Century Link and ENA on all team member's stage two evaluation forms. In correcting the error, the scores for both vendors on the Stage Two Demo Evaluation Tally changed. The original scores for each evaluation team member and the corrected scores are shown on the document Corrected Stage Two Demo Evaluation Tally. The submitted copies of each team member's evaluation form are the original documents from the RFP and have not been changed to reflect the inclusion of Question 14. After reviewing the error and the corrected stage two evaluation score it was determined that the error did not impact the decision to award to Century Link.

08/14/2017

BEN# 145710

Contact Name: Dennis Wager

Applicant Name: Jefferson County School District R-1

FCC Form 471 Application Number(s):

**Response Due Date: 08/21/2017**

Subject: Funding Year 2017 E-Rate Selective Review

Dear Applicant:

This letter is a follow up to the information you provided in reference to the E-Rate Selective Review Information Request Funding Year 2017. Please provide the information requested by the close of business **08/21/2017**. If we do not receive the information by that date, your application will be reviewed based on the information we currently have, which may impact the approval of your application.

Based on the documentation you provided during the FY2017 Selective Review, Application 171041291, FRN 1799102606 will be denied because price was not your primary factor in your vendor selection.

Although 1st stage evaluation and as outlined in the RFP did indicate price as a factor, your documentation does not indicate that price was the primary factor in stage 1. Further, the first round of your vendor selection process is not considered to be a disqualification round because the criteria used in that round were subjective and were scored, rather than being binary criteria. As a result, the first round of your vendor selection process is considered to be the first tier of a two tier vendor selection process. Price of the eligible goods and services was not a factor in your first tier. Consistent with FCC rules that govern the E-Rate Program, price of the eligible goods and services must be the primary factor in each tier of a multi-tier vendor selection process. Therefore, the FRN is denied.

For additional guidance on vendor selection, please refer to the USAC website at

<http://www.usac.org/sl/applicants/step02/default.aspx>.

FY2017 Application 171041291, FRN 1799102606 represents the third year of multi-year contract that supports FY2016 Application 161036005, FRN1699076015 and FY2015 Application 1045903, FRN 2854178. The denial of FY2017 Application 171041291, FRN 1799102606 will impact all prior years FRNs supported by this contract.

Since price was not the primary factor in the vendor selection process, the prior commitments will be rescinded in full and USAC will seek recovery of any improperly disbursed funds from the applicant.

If you disagree with our determination and you have alternative information, please provide the supporting documentation. Please email, fax or upload to EPC your response to my attention. If you have any questions or you do not understand the process, please feel free to contact me.

It is important that we receive all of the information requested **within 7 calendar days** so we can complete our review of your application(s). **Failure to respond or send all of the information requested may result in a reduction or denial of funding.** If you need additional time to prepare your response, please let me know as soon as possible. If you are unable to provide the requested information because your school or library has closed for summer break, please indicate in writing the timeframe that you will be unavailable to respond.

Additionally, please note that you are required to retain all documents related to the application for, receipt and delivery of supported services as well as any other documents that demonstrate compliance with the requirements of the program for at least 10 years after the latter of the last day of the applicable funding year or the service delivery deadline for the funding request.

Thank you for your cooperation and continued support of the Universal Service Program.

Sincerely,

**Kenneth A. Solomon**

Total Amount of Reimbursement Approved for Payment: \$452360.16

This letter is your notification that the Schools and Libraries Division (SLD) of the Universal Service Administrative Company (USAC) has processed an FCC Form 472, "Billed Entity Applicant Reimbursement (BEAR)" Form from the above named applicant listing you as the service provider. USAC has committed to reimburse the discounted portion of the cost of eligible services provided to eligible entities pursuant to one or more FCC Forms 471, "Description of Services Ordered and Certification Form".

In certain instances, a line may not have been paid. Review the BEAR Letter Applicant Reimbursement Report (Report) following this letter for the reason(s) this may have occurred. For more information about lines that have not been paid, see the explanation of Invoice Error Codes in Step 9 on our website. Work with the applicant (your customer) to correct any errors. Once corrected, your customer may submit a new BEAR using the BEAR Online tool from the Apply Online area or Required Forms section of our website to request reimbursement for any unpaid lines.

If a new BEAR cannot be submitted before the invoice deadline passes, you or your customer may submit a request for a deadline extension. (See "Invoice Deadlines and Extension Requests" posted in the SLD section of our website for more information.)

TO APPEAL THIS DECISION:

If you wish to appeal a decision in this letter to USAC, your appeal must be received by USAC or postmarked within 60 days of the date of this letter. Failure to meet this requirement will result in automatic dismissal of your appeal. In your letter of appeal:

1. Include the name, address, telephone number, fax number, and email address for the person who can most readily discuss this appeal with us.
2. State outright that your letter is an appeal. Include the following to identify the USAC decision letter (e.g., FCDL) and the decision you are appealing:
  - Appellant name,
  - Applicant name and service provider name, if different from appellant,

- Applicant BEN and Service Provider Identification Number (SPIN), - FCC Form 471 Application Number and the Funding Request Number (FRN) or Numbers as assigned by USAC,
- "Funding Commitment Decision Letter for Funding Year 2015," AND
- The exact text or the decision that you are appealing.

3. Please keep your letter to the point, and provide documentation to support your appeal. Be sure to keep a copy of your entire appeal, including any correspondence and documentation.

4. If you are the applicant, please provide a copy of your appeal to the service provider(s) affected by USAC's decision. If you are the service provider, please provide a copy of your appeal to the applicant(s) affected by USAC's decision.

5. Provide an authorized signature on your letter of appeal.

We strongly recommend that you use one of the electronic filing options. To submit your appeal to USAC by email, email your appeal to [appeals@sl.universalservice.org](mailto:appeals@sl.universalservice.org) or submit your appeal electronically by using the "Submit a Question" feature on the USAC website. USAC will automatically reply to incoming emails to confirm receipt.

To submit your appeal to USAC by fax, fax your appeal to (973) 599-6542. To submit your appeal to USAC on paper, send your appeal to:

Letter of Appeal  
Schools and Libraries Division - Correspondence Unit  
30 Lanidex Plaza West  
PO Box 685  
Parsippany, NJ 07054-0685

For more information on submitting an appeal to USAC, please see "Appeals" in the Schools and Libraries section of the USAC website.

The maximum remaining amount available for each Funding Request Number (FRN) listed on the Report will be the original commitment less the amount approved herein for reimbursement and less any earlier disbursements to your customer.

PLEASE NOTE: The type of invoice form (BEAR or SPI) for the funding year is established by the receipt and approval of the first invoice submitted for the FRN for the funding year. For example, if we successfully process a BEAR for an FRN, we will not approve a SPI for that same FRN at a later time.

Please see the Guide to Letter Reports posted on our website for an explanation of the items listed in the attached Report.

COMPLETE PROGRAM INFORMATION is posted on our website. You may also contact our Client Service Bureau using the "Submit a Question" link on our website, toll-free by fax at 1-888-276-8736 or toll-free by phone at 1-888-203-8100.

Subject: Cover Letter – WAN Bandwidth RFP# 23612

Dear Holly,

Affiniti is pleased to submit the following Response to the Jefferson County School District's RFP seeking WAN Bandwidth for 154 district sites. Our proposal is a partnership-focused collaboration to design and implement a cost-effective, technically superior, scalable and support-driven WAN solution. Affiniti's K-12 experience is unparalleled in the market, and our commitment to the connected classroom drives our innovative technical solutions and customer-centric project and support teams. Affiniti has expanded our network presence to deliver broadband to nearly one million students nationwide with over \$170 million in approved E-rate funding to date. We are driven to provide our customers with a highly valued experience. We have a passion for understanding and exceeding our customers' expectations and earning our position as a trusted partner and solutions provider of choice.

Our enclosed proposal demonstrates both Affiniti's understanding of the services sought by this RFP and our ability to deliver these services in a cost-effective manner. Affiniti has assembled an experienced team with unrivaled technical, management and E-rate expertise to propose the enclosed solution. For the purposes of ongoing discussion, the authorized company representative is:

Dr. Neil Schaal, Regional Account Manager  
[Neil.schaal@affiniti.com](mailto:Neil.schaal@affiniti.com)  
970-381-6008

Affiniti realizes this infrastructure and network requires a major investment from Jefferson County SD as you look to offer students effective state-of-the-art digital-learning opportunities. We are committed to delivering the most affordable and innovative solution to meet your current and future bandwidth needs and to ensuring this network provides a significant return on investment in enabling educational excellence and administrative efficiencies. We believe our solution for a Jefferson County SD WAN will serve as a foundation for fostering cutting-edge learning opportunities and will have an increasingly significant role in enhancing the lives of Jefferson County SD's students, teachers and administrators for years to come.

We thank you in advance for your consideration of our proposal and for the opportunity to deliver this important project to your stakeholders.

Best Regards,

A handwritten signature in black ink, appearing to read 'Neil Schaal', written in a cursive style.

Executive Summary

TAB  
# 1

## **Executive Summary**

Affiniti is pleased to propose the next-generation high-speed wide area network for Jefferson County School District, leveraging Affiniti's extensive K-12 experience to deliver a reliable and scalable network that patrons need to succeed. The proposed Affiniti solution is flexible, reliable and scalable, delivering connectivity in a cost-efficient, technically superior design.

Our proposal demonstrates our ability to deliver scalable Layer 2 fiber-optic transport connectivity for each WAN circuit. Affiniti's point-to-point VPLS solution transports traffic using VPNs or transparent LAN service across the Affiniti network, allowing any-to-any connectivity between sites. Our Ethernet-based delivery provides reliable, scalable bandwidth options from 100Mbps and beyond, with support for VLAN trunking and Layer 2 broadcasts, while Jefferson County maintains control and configuration of all routing protocols.

Affiniti's managed network solution provides security and support. Our 24x7x365 Network Operations Center proactively monitors the network and maintaining all components of services for maximum reliability. We like to think our NOC becomes an extension of your own technology department, swiftly diagnosing and troubleshooting issues, and providing support to keep the network "always on."

Ultimately, the Affiniti solution is supported by our commitment to delivering advanced technology in a flexible, responsive and technically superior fashion. Our demonstrated experience, high customer retention rates and attentive customer service speak directly to the needs of the K-12 classroom and beyond, as we seek to exceed your expectations and earn our position as a trusted partner and solutions provider of choice.

## **The Affiniti Difference**

**Flexibility** – Affiniti prides itself in being flexible in all aspects of the customer experience and is nimble enough to accommodate customer requests. Our customers become part of the Affiniti family and we ensure that we are flexible enough to work with you in any request from billing, network design and tech support. We place the highest priority on building customer relationships and focus on developing a long-term partnership approach so we understand where you want to go and can align our resources accordingly.

**Customer focus** – Affiniti delivers a customer-driven experience. We have the people and resources in place to ensure that we earn our position as a trusted partner and solutions provider of choice. Your account will be serviced by a direct sales rep, sales engineer and customer-relations manager. This team of dedicated professionals has direct access to all company resources to ensure that you are happy with the exceptional service we intend on delivering. We will conduct status calls and network reviews regularly to help deliver our mission of customer satisfaction.

**Consultative NOC Support** – Affiniti sets itself apart by having highly technical NOC support personnel that are familiar with your account and are willing to help you troubleshoot technical issues. We receive positive feedback every day on how well our NOC handles support issues through resolution. We commit to work with you to troubleshoot problems and will dedicate our best of breed engineering and support staff to solve problems swiftly.

**Innovative Technologies** – Our company culture rewards innovation and outside-the-box thinking in order to deliver exceptional service. Affiniti's corporate identity is largely shaped by our innovation, which provides inherent value-added flexibility when working with our customers. We realize that evolving technologies mean that needs change over time, and that no two customers may have the same needs. Affiniti thrives on the creative and has experienced resources in place to manage, maintain and implement next-generation networks. From our advanced Internet delivery options, to our complex routing schemes and supportive engineering teams, Affiniti aims to deliver the most advanced technologies with the most reliable customer support.

# COMCAST BUSINESS

## Transmittal Letter

January 7th, 2014

Ms. Holly Callero Penny  
Jeffco Public Schools  
1829 Denver West Drive Building #27  
Golden, CO 80401-0001

Dear Ms. Callero Penny,

Comcast looks forward to a mutually rewarding business relationship with Jeffco Public Schools and its representatives. Comcast Business Communications, LLC ("Comcast") is pleased to provide this proposal (the "proposal") to Jeffco Public Schools ("Jeffco Public Schools") for managed network services in response to the request for proposal; form 470 application number 533080001262689 dated December 3rd, 2014 with an allowable contract date of December 31st, 2014 for Jeffco Public Schools.

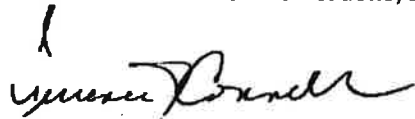

Jeffco Public Schools is responsible for compliance with applicable state and local procurement laws. It is our understanding that Jeffco Public Schools, based on this request for proposal, is not seeking services pursuant to the State Procurement code or under a current cooperative purchasing agreement between Comcast and the State under which Jeffco Public Schools is a qualified buyer.

As you proceed in the selection process, please feel free to contact your Strategic Enterprise Account Executive, Michelle Wright, at 720-403-4661, with any questions, comments, or concerns.

The Network Service Agreement included in the Appendix represents the sole terms and conditions upon which the above mentioned services are being offered except to the extent prohibited by State and local procurement law. No statement made in the proposal shall be considered a contractual term unless expressly included in the aforementioned Network Service Agreement or as agreed upon by the parties as a result of contract negotiations. Comcast, as part of the post bid submission process, would be amenable to negotiating limited modifications to the Network Services Agreement appended to the attached proposal, to address additional items (if any) that your organization feels are critical to its consideration and use of the Comcast solution.

Beginning in Funding Year 2015, In the event a formal contract between an E-rate service provider and a customer cannot be fully executed prior to the customer's submission of the FCC Form 471, the FCC has instructed USAC to consider other forms of written offer and written acceptance as satisfying the requirement that a legally binding agreement is in place. For example, a bid response to a Form 470 will suffice as a written offer if it contains all material terms and conditions, and a an email acceptance of the bid response (or award letter) will suffice as written acceptance. A customer's receipt of services consistent with its request for E-rate support will also suffice as offer and acceptance. The documentation relied upon for such purposes must be retained for 10 years.

Sincerely,  
Comcast Business Communications, LLC

Terrence J. Connell  
Senior Vice President

Terms and Conditions— unless otherwise stated herein, this proposal is conditioned upon negotiation of mutually acceptable terms and conditions. Proposal

Pricing—Pricing proposed herein is based upon the specific product/service mix and locations outlined in this proposal, are subject to Comcast standard terms and conditions for those products and services and the Comcast E-Rate Rider unless otherwise stated herein. Any changes or variations in the standard terms and conditions, the products/services, length of term, locations, and/or design described herein may result in different pricing. Prices proposed above requires purchase of all sites and does not include applicable taxes, surcharges, or fees. In accordance with the tariffs or other applicable service agreement terms, Customer is responsible for payment of such charges.

Beginning in Funding Year 2015, In the event a formal contract between an E-rate service provider and a customer cannot be fully executed prior to the customer's submission of the FCC Form 471, the FCC has instructed USAC to consider other forms of written offer and written acceptance as satisfying the requirement that a legally binding agreement is in place. For example, a bid response to a Form 470 will suffice as a written offer if it contains all material terms and conditions, and a an email acceptance of the bid response (or award letter) will suffice as written acceptance. A customer's receipt of services consistent with its request for E-rate support will also suffice as offer and acceptance. The documentation relied upon for such purposes must be retained for 10 years.

Ms. Holly Callero Penny, CPPB  
Jefferson County School District R-1  
Education Center, Purchasing Department  
1829 Denver West Drive  
Building #27, 3<sup>rd</sup> Floor  
Golden, CO 80401-0001

Re: ENA Services, LLC/Education Networks of America, Inc. (ENA) Proposal Response to Request for Proposal No. 23612 for E-rate – High Bandwidth WAN for 154 District Sites

Dear Ms. Penny,

As a certified telecommunications provider and a leading provider of E-rate eligible services since the inception of the program, ENA appreciates the opportunity to offer Jefferson County School District (Jeffco) a turnkey, innovative solution in response to your Proposal Request. We understand that you are not only seeking a holistic, District-wide solution customized to support Jeffco's specific data, voice and video requirements today, but one that has the flexibility and capacity to quickly and seamlessly grow and scale to meet your needs throughout the life of the service.

ENA is excited to offer a bundled, Category 1 E-rate eligible service that, when compared to other solutions you may evaluate, represents a lower total cost of ownership and **significantly enhanced levels of customer services and support**. ENA's managed service approach, including network design, technology enhancements and support elements, all at a monthly flat rate billing, has been successfully implemented and utilized today throughout all of ENA's markets, including the large school systems ENA serves with similar WAN solutions, such as Baltimore City Public Schools, Atlanta Public Schools, Houston Independent School District, Prince George's County Public Schools and many others. We are confident that ENA's solution will lower the District's total cost of ownership, enabling Jeffco to truly **do more with less**, while providing significant additional capacity, value and a far superior service.

Highlights of ENA's proposed solution include:

- **A flexible and scalable Ethernet solution that will be tailored to meet Jeffco's unique requirements:** Unlike traditional carriers, ENA's solutions are not "one size fits all". We have extensive experience implementing and supporting large, geographically dispersed networks for school districts as well as statewide K-12 networks and we have considered those best practice examples in the design and suggested deployment of the requested infrastructure services for Jeffco. At the end of the day, however, ENA respects that **this is your network** and we look forward to the opportunity to collaborate with Jeffco and do the deep-dive required to design the optimal solution prior to implementation and then continuing our collaboration throughout

the life of the service to ensure the network adapts to Jeffco's instructional, administrative and technology needs as they change over time.

- **A more comprehensive service:** ENA will provide a new Cisco high-speed layer 3-capable edge device at each remote site delivered as part of ENA's bundled Category 1 E-rate eligible service that will enable direct Ethernet connection to Jeffco's Cisco VoIP router to support the District's VoIP implementation and offer additional potential options for site survivability. ENA is well-known for its Category 1 E-rate eligible, Infrastructure as a Service (IAAS) managed solutions that combine connectivity, on-premises equipment and maintenance, customer support services such as our Customer Technical Assistance Center (CTAC) and field service into a seamless package of E-rate eligible quality services. ENA's wide area network (WAN) solution provides maximum flexibility for the District and ensures your E-rate dollars go further by taking advantage of the E-rate Category 1 eligibility of edge WAN equipment when included as part of a layer 3 managed service, which typically results in substantial cost savings for our customers. **In addition, as new technologies become available at lower costs, ENA's managed services allow our customers to take advantage of these enhancements and cost-efficiencies throughout the life of the service as opposed to being locked into a single technology for the duration of any given contract.**
- **Reliability and resiliency:** ENA's any-to-any access WAN design allows for seamless integration and highly adaptable routing configurations. Our proposed solution utilizes Jeffco's two primary hub locations at the Education Service Center (ESC) and the Quail Campus in an approach that best leverages the capacity of each hub facility and provides real-time, automatic convergence with the loss of any one hub location. Should Jeffco choose to add or remove hub locations or change the service priority of any site across the District, ENA can adapt the network to support these changes. Having served large school systems for nearly two decades, we understand that changes such as these are fairly common and ENA's flexible approach ensures resiliency and provides operational stability even in the midst of constant change.
- **Quality of service to support Jeffco's needs:** ENA understands that Jeffco enables most of the quality of service (QoS) mechanisms available on your existing Cisco switches and routers and that QoS is a critical component in the delivery and support of the District's voice and video traffic. ENA has extensive experience designing and supporting QoS enabled networks for large school systems and statewide network deployments. This experience includes a district network supporting over 14,000 VoIP handsets, large district networks supporting video, VoIP and security camera traffic, and a statewide video collaboration network. **ENA's managed service approach allows us to offer extremely flexible QoS solutions and tailor our QoS profiles to meet Jeffco's specific needs.**
- **Unmatched service and support:** What truly sets ENA apart from any other company or solution Jeffco will evaluate is our demonstrated track record of providing exemplary customer service, exceeding service level agreements and delivering highly-reliable managed network services in support of data, voice, video and mission critical applications. **ENA is the single point of accountability for network services; we call to proactively notify you of all service-affecting conditions, we are available 24x7x365 to answer any question or if you need to notify us of an**

issue that needs to be resolved, and it is our responsibility to coordinate with any required parties to ensure resolution.

- **Charter school focus:** ENA is experienced with the circumstances associated with Charter schools and has successfully ensured all Charter schools in our customer's districts are served along with core schools and administrative offices. In addition, ENA is very familiar with the funding constraints and the associated unique issues of working with Charter schools. ENA will work with each of Jeffco's Charter schools individually to ensure the best service is deployed that also meets the Districts design standards.

In summary, ENA has the skills, capacity, demonstrated performance history and desire to supply all the solutions and support services required in this Proposal Request within the required timeframes. The enclosed Proposal Response demonstrates our superior capabilities along with our passion for customer excellence in everything we do, and we are confident that no other vendor can match our years of dedication, experience and proven, successful track record in serving K-12 schools and libraries.

### *Proposal Submission Requirements*

ENA has met and exceeded all the **Proposal Submission Requirements**. For easy reference, we have provided a separate Table of Contents for the **Proposal Submission Requirements** following the general Table of Contents. This will provide the evaluation team information how ENA's proposal response meets Jeffco's requirements on a line by line basis as requested.

ENA has provided the **Respondent's Certification Form** in Tab III. **Required Forms** as Item A.

ENA has provided an **Insurance Certificate** in Tab III. **Required Forms** as Item D.

### *Addenda Acknowledgement*

ENA acknowledges receipt of the following Addenda:

1. Addendum No. 1 released December 12, 2014

Signed copies of the Addenda can be found in Tab III. **Required Forms** as Item E.

### *Authorized Representative and Contact Information*

As a Chief Financial Officer of ENA, I certify that I am authorized to represent ENA and bind ENA relative to all matters contained in this Proposal Response. I also certify that the information offered in ENA's Proposal Response meets all general conditions outlined in the RFP.

Rex Miller, Chief Financial Officer  
618 Grassmere Park Drive, Suite 12  
Nashville, TN 37211  
Phone: (615) 312-6005 E-mail: rmiller@ena.com

ENA's primary contact for this Proposal Response is:

Oliver Landow, Director of Customer Services  
3418 Deanwood Avenue  
Ellicott City, MD 21043  
Phone: (443) 364-9100 E-mail: olandow@ena.com

We appreciate your consideration of our Proposal Response and look forward to the opportunity to work with you to implement the solution and services we have proposed. Please do not hesitate to contact Oliver or me if you have any questions or need clarification of any portion of ENA's Proposal Response.

Sincerely,

Rex Miller  
Chief Financial Officer

## VII. Proposal Pricing

### A. Cost Proposal Pricing

ENA has offered an all-inclusive solution that will contribute to your long-term goals by enhancing and simplifying the management and support of your data, voice and video services, maximizing and ensuring E-rate reimbursements, and ultimately lowering your total cost of ownership for the procurement and ongoing support of these services.

ENA understands that most school districts and libraries are experiencing one of the most challenging financial times in recent history. After careful consideration, the proposed solution is designed to immediately assist you in reducing costs while increasing your organizational capacity to achieve educational and operational goals.

ENA knows that it is incumbent upon us to provide cost-effective solutions that will truly enable school districts and libraries to **do more with less**. ENA's comprehensive Infrastructure as a Service and full-service approach is a proven model that will save money and time by reducing the burden on your technology and administrative resources and maximizing federal funding sources.

ENA is confident that no other vendor can match our years of dedication, experience and proven, successful track record. We appreciate your consideration of our Proposal Response and look forward to the opportunity to work with you to implement the solution and services we have proposed.

### WAN Service Footnotes

1. All service pricing listed is per month and per unit.
2. ENA's managed WAN service is priced as one service including circuit, end site router, equipment maintenance, service monitoring, field support, and SLA.
3. All service delivery prices (including optional services) are based on expected site readiness to receive the services including conduit, electrical capacity, backer board and similar. In the event that site walk-outs determine need for site make ready work, service may not be available until such work is completed by the customer.
4. There are currently no governmental fees applicable to the data services requested under this RFP. However, if such fees become applicable in the future, governmental fees (to the extent the customer is not exempt from such fees) including state, local and federal taxes, fees, USF, E911 taxes/fees and similar are in addition to the above rates. These fees will be charged at the applicable rates set by governmental entities and are subject to change over the life of the service contract.
5. ENA data services are subject to ENA's acceptable use policy.
6. ENA will notify the customer once the carrier installs the circuit and ENA is ready to turn up service. ENA will work with the customer to determine a mutually agreed upon date to turn up service. In the event of customer delays in turning up service, ENA reserves the right to start billing the customer for the service after two weeks of ENA's notification that service is ready to be turned up.
7. ENA will provide incremental upgrade pricing up to 1 Gig for each 100mb site at \$1,900 for 36 months and \$1,500 for 60 months with the exception of the following eight sites:
  - Coal Creek Canyon K-8 Elementary School
  - Compass Montessori - Golden Charter School
  - Fairmount Elementary School
  - Mountain Phoenix Community School
  - West Woods Elementary School
  - Elk Creek Elementary School
  - West Jefferson Elementary
  - West Jefferson Middle School
8. ENA is continuing to work to provide pricing for the eight sites listed but may be required to charge for 1 Gig \$8,600 for 36 months and \$7,300 for 60 months.

## **WIDE AREA NETWORK SOLUTION**

**For**

**RFP# 23612 - E-RATE – WAN BANDWIDTH FOR 154 DISTRICT SITES**

**WAN (Wide Area Network) Lease Service**

**January 7, 2015 – 2 PM, MST**

Jefferson County Public School District R-1  
Education Center, Purchasing Dept.- Holly Callero Penny, CPPB  
1829 Denver West Drive, Bldg. #27, 3rd floor - P.O. Box 4001  
Golden, CO 80401-0001

## Pricing Summary

The network design assumes utilization of the Tech Hub as the central hub site, with full connectivity to each of the school locations identified. Please note that in the price quotes provided below, the E-Rate discount is assumed to be 58% and represents an estimate based on the most recent Jeffco Public Schools. Form 471 posting on the USAC web site. As such, the post E-Rate or effective monthly recurring charges' are subject to change based on further discussion between USAC and your school district regarding the approved network from the public rights of way into each building facility to be served.

### Jefferson County School Dist. R-1 - (Group A- 143 Sites)

- Fiber-Optic WAN connecting 143 locations
- Hub and spoke network with SFP's
- 1GigE service to 142 locations delivered over assigned home run fiber paths

1.0 Gbps	15 Years	10 Years	5 Years
Monthly Cost per school Post E-rate	\$628	\$712	\$1,006
Monthly Cost per school Pre E-Rate	\$1,495	\$1,695	\$2,395
Total Monthly Costs Post E-Rate	\$89,790	\$101,802	\$143,844
Total Monthly Cost Pre E-Rate	\$213,785	\$242,385	\$342,485
Number of Sites	143	E-Rate Discount	58%

## Jefferson County School Dist. R-1 – (Group B- 151 Sites)

- Fiber-Optic WAN connecting 151 locations
- Hub and spoke network with SFP's
- 1GigE service to 150 locations delivered over assigned home run fiber paths

1.0 Gbps	15 Years	10 Years	5 Years
Monthly Cost per school Post E-rate	\$712	\$796	\$1,174
Monthly Cost per school Pre E-Rate	<b>\$1,695</b>	<b>\$1,895</b>	<b>\$2,795</b>
Total Monthly Costs Post E-Rate	\$107,497	\$120,181	\$177,259
Total Monthly Cost Pre E-Rate	\$255,945	\$286,145	\$422,045
Number of Sites	151	E-Rate Discount	58%

## Jefferson County School Dist. R-1 – (Group C- 160 Sites)

- Fiber-Optic WAN connecting 160 locations
- Hub and spoke network with SFP's
- 1GigE service to 159 locations delivered over assigned home run fiber paths

1.0 Gbps	15 Years	10 Years	5 Years
Monthly Cost per school Post E-rate	\$1,132	\$1,258	\$1,678
Monthly Cost per school Pre E-Rate	<b>\$2,695</b>	<b>\$2,995</b>	<b>\$3,995</b>
Total Monthly Costs Post E-Rate	\$181,104	\$201,264	\$268,464
Total Monthly Cost Pre E-Rate	\$431,200	\$479,200	\$639,200
Number of Sites	160	E-Rate Discount	58%

Pricing Notes:

1. This price quote expires ninety (90) days from the due date of the associated response.
2. This is a turn-key quote with all construction, electronics, and maintenance included.
3. All rates quoted are monthly recurring charges (MRC).
4. Further savings may be captured by removing outlying schools.
5. E-Rate discount is assumed and is subject to change based on USAC guidelines and approval.
6. All applicable taxes and fees including, but not limited to, federal, state, local use, excise, gross receipts, sales or privilege taxes, occupation taxes, duties, regulatory fees or similar liabilities shall be paid by the District in addition to the regular charges under this Agreement. The District shall be required to provide documentation evidencing its exemption from any such taxes or fees.
7. If the District requires switches instead of SFP/GBICs there will be a pricing impact.

UPN has provided pricing for multiple terms. Most of UPN's current school district WAN customers have opted for a longer agreement due to the lower monthly payment and the predictable budgeted amount for future years.

**Jeffco Public Schools may upgrade any site at any time during the term of our Agreement to 10 Gbps for an additional \$200 MRC. (An available Gig-E port capable of accepting a 10G SFP in the District's switch at the site is required.) That means for a mere \$84 per month with the District's anticipated E-rate discount of 58% Jeffco Public Schools can increase the bandwidth at any site by ten-fold, or 100 Xs the current 100 Mbps at many district facilities!**

Since UPN deploys fiber to provide our services on private fiber distances greatly affect our costing model to determine pricing. For this reason we have offered three different groups of sites with different price offerings to show to Jeffco the flexibility that we have in getting you to number that fits your budget. Outlying campuses, such as Elk Creek ES have a tremendous impact on our costs; and therefor require a higher MRC on all sites to amortize that cost. We would consider an up-front payment as a way to mitigate those costs, and decrease the MRC for all sites, if that fits Jeffco's needs better.

January 7, 2014

Thank you for allowing Windstream Corporation, on behalf of itself and its affiliates authorized to provide services in the applicable jurisdiction for the particular service(s) ordered, the opportunity to answer the Jefferson County Public Schools District's request for telecommunications circuits and delivery of WAN Bandwidth for 154 District Sites service. As a nationwide, enterprise-focused communications and technology service provider with a commitment to be our customers' trusted advisor, we believe we are ideally suited to support the communications requirements of Jefferson County Public Schools District.

In recent years, K-12 schools have experienced tremendous challenges in providing students, faculty and staff with 21<sup>st</sup> century communications tools, while coping with budgetary constraints and the limitations of existing physical infrastructure. Windstream's distinctive ability to design, provision and provide smart solutions enable thousands of schools to enhance the student learning experience while meeting complex network demands.

With more than 15 years experience in the E-Rate program, Windstream is a leading provider of communications solutions for K-12 school districts and libraries. Our dedicated team of E-Rate experts is focused on providing support to our customers throughout the life of the contract, and creating the best E-Rate experience possible.

Windstream differentiates itself with our "winning team" approach that we take with each customer, applying our brand promise of "smart solutions, personalized service". We collaborate with our customers and partners to develop solutions that best fit their needs. Windstream's response to the RFP demonstrates this philosophy and how it will benefit the Jefferson County Public Schools District.

Windstream empowers employees who have direct contact with our customers to act on behalf of the corporation in all matters of service and contract fulfillment. Our dedicated account teams have the unconditional support of our executive management in ensuring that our customers receive prompt and effective servicing.

We are confident upon your completion of this evaluation; you will conclude that Windstream is the best choice to address the unique communications needs of the Jefferson County Public Schools District.

On behalf of the Windstream team, thank you once again for this opportunity and look forward to fulfilling all RFP requirements as our next step!

Sincerely,

Andrew Balin  
Account Executive
